

## PAVEMENT MARKINGS

### Pavement Markings Inspector Qualification

Candidates who successfully complete this course will be qualified to inspect pavement markings on Kentucky projects. Candidates will be instructed in the appropriate use of the LTL-X Retroreflectometers and retroreflectivity requirements of various pavement marking materials currently used on construction projects. Candidates will also be instructed in the use of Excel Spreadsheets to download retroreflectivity data from the LTL-X and calculations for passing percentages of installed markings. Current Specifications and Kentucky Methods governing the evaluation of pavement markings will also be reviewed. Candidates will be required to successfully complete both a written and practical exam to be qualified as a Pavement Markings Inspector.

Prerequisites: None
